attended Solano Jr. College, Davis, California. She graduated in 1972. She has supervised home health care and geriatrics; she has also worked in hospitals.

After 11 years with the Petaluma Police Dept., Jim decided to take his family to Sersey, Arkansas where his dearly loved grandparents still lived. He worked for the White Country's Sheriff's office for a short time before going to work for the state of Arkansas where he was administrative hearing officer. This work entailed the conducting and hearing procedures of 30 small police departments and courts in his area.

Jim and Janet decided to go visit some friends and relatives in Phoenix, Arizona; they had decided they wanted to settle down in a nice, small town in the west. While waiting for the right opportunity to come, Jim served on the Mesa Police Force. And then the opportunity came!

The commissioners of Heber City, Wasatch County, Utah, were advertising and interviewing for a chief of police. Jim sent in his resume stating why he felt qualified to fill the position of chief of police for Heber City. Of all the applicants who wanted the job, Jimmy Joel Matthews was chosen.

He told me that he and Janet had come through the area 17 years ago and had decided they wanted to live and work here in Heber City. They have two children and other relatives who live in Salt Lake City.

They both are active members of the L.D.S. Church, both having served in auxiliary positions. Jim is a member of the seventies at the present time.

Jim and Janet say that they both feel accepted by the people here and are looking forward to serving the people of Heber City to the best of their ability.
